## TONOPAH DAILY BONANZA

ublished every evening, Sunday excepted, by the Tonopah Bonanza Printing Co.,

HER ASSOCIATED PRESS

### W. W. BOOTH, EDITOR AND MANAGER

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

Parties who do not receive their papers, or who have any cause for com-plaint will oblige The Bonanza by notifying this office.

No advertising cut, one square inch or smaller, will be accepted unless made metal. No wood base cuts this size will be used. Wood cuts are dangerous forms and press.

Entered at the postoffice in Tonopan as second class matter.

#### IT IS A RACE AGAINST TIME AFTER FORTY

THE aftermath of one of life's greatest tragedies, the tragedy of self-inflicted death, was witnessed yesterday afternoon when a small cortege of friends, scarcely friends, but pitying acquaintances, followed the body of "Uncle Bill" Vinson to the grave. Yet they were friends, even though never taken into his confidence, many of them not even knowing his name, nor his antecedents, nor his previous place in life.

There was a time when "Uncle Bill" was a power in the land, when the connection of his name with an enterprise spelled success, for all had confidence in his judgment and integrity. Possessed of a million dollars or more, he was able to interest other people's millions in his enterprise. He was a moving factor in big business.

But that was before he was forty years of age. While in young manhood his business acumen neglected him on a certain occasion when panic seized the nation and money was withdrawn from industrial issues and buried in the ground. He believed that bottom had been reached in the financial depression and plunged to his last dollar in support of stocks and bonds. The crash came and "Uncle Bill" was left penniless.

He reached the age of forty and the race against time began, with time the winner. You know his end. It is true that many fortunes are builded in after life, that great poems have been written, inventions perfected, results of many kinds accomplished by people of mature years, but time was kindly to them. He is growing more inexorable as the world itself ages. What we do now, if done at all, must be on foundations builded during the

There are few trades or professions today in which a man is welcomed after he has passed forty. Age is penalized. The race of life must be won before two score years or the odds are in favor of time.

#### WORKS WELL FOR ALL

So long as outlying mining claims and groups in this district remain idle, save for the throwing of a few cubic yards of gravel each year to conform with the location laws, it is pleasing to note that they are passing into strong hands. This is not a country where a poor man can mine and has not been since the Mizpah croppings were stripped. The overburden is heavy here, in places more than a thousand feet deep, and possibly the farther progress is made to east and west from the Mizpah croppings and the Butler-West End anticlinal roll, the deeper it will become.

Nor is it merely the sinking, but the handling of water that confronts the claim owner. These matters are negligible incidents with the big companies. All they want to be assured of is that the values are in the depths. That is why the Belmont interests and the people in the Extension are picking up the ground respectively to the eastward and westward from the proven

Only yesterday a deal was closed for eighty acres of close-in property. The company acquiring the estate undoubtedly drove a good bargain, but so did the sellers, for they got something negotiable for what was a white elephant on their hands. The ease with which negotiations are conducted between the claim owners and the purchasing company, the latter not being niggardly nor the former attempting a "hold up," speaks well for the development of the extension of the known ore zone of the Tonopah

## Kelly-Springfield Automobile Tires--Hand Made.

plenty of landscape—an' yo' can get

VELVET at any tobacco

UR tires are guaranteed for 5,000, 6,000 and 7,500 miles. They needn't be, for it doesn't do you any particular good. Save in the rarest instances, it brings you nothing. Cases when Kelly-Springfield tires fail to yield their guaranteed mileage are nearly as scarce as hen's teeth.

But the buying public expects a guarantee when it buys a tire, and we're willing to concede that to its prejudices. Normally, Kelly-Springfield tires yield 8,000 to 10,000 miles-often 12,000 or more. Why shouldn't we be willing to guarantee 5,000 miles or more, if it makes anyone any

If there were any doubt of them yielding 5,000 miles, we would only guarantee them for 4,000 miles, or even less. We are not selling guarantees; we are selling tire service. We don't want bickering over guarantees; we want satisfied

Once you buy a Kelly-Springfield tire, you keep right on using them. You forget about mileage, guarantees, or anything else but service.

That's why we are embarrassed by orders we cannot supply; why our users are willing to order their tires before they actually need them.

We don't like to be in that position, and disappoint loyal customers, but you can't increase the production of handmade tires overnight. We never have made machine-made tires. We have

always built in mileage by hand. Of course, the tires cost more, but the service justifies the cost. Few users get a chance to try Kelly-Springfield

until they have tried other tires, for we cannot afford to

meet price competition to equip cars at the factory, unless the car manufacturer can afford to pay our price KELLY-SPRINGFIELD TIRE CO.
